

DIGITALEUROPE

**EU-Japan Digital Partnership:
Next steps from EU Industry
- Joël Guschker**

EU-Japan Digital Partnership

- ▶▶ Collaboration is already excellent: Goal is to bring it to the next level
- ▶▶ DIGITALEUROPE is a regular contributor to EU-Japan relations
- ▶▶ Joint Industry Recommendations for EU-Japan Digital Cooperation
 - Collaboration on data flows, with a view to Japanese G7 Presidency
 - ICT Dialogues as important tool to advance cooperation
 - Digital Partnership Implementation: Focus on Semiconductors, 5G/6G, data flows and digital trade principles
- ▶▶ Digital Partnership is excellent. Other cooperation fora include:
 - EU-JP EPA: Data flow negotiations: DIGITALEUROPE Building Blocks
 - DIGITALEUROPE Data Flow Study: EU could be €2 trillion better off, if we strengthened international data transfers
 - WTO JSI on E-Commerce and Information Technology Agreement
- ▶▶ **Today's discussion will set the path for implementation of the Digital Partnership**
