

China International Green Innovative Products & Technologies Show 2011

2011'中国国际绿色创新技术产品展

(CIGIPTS 2011)

Nov.9-11, 2011

Guangzhou, China

China International Green Innovative Products & Technologies Show 2011

(CIGIPTS 2011)

Profile of CIGIPTS 2011

Supported by:

- China's National Development and Reform Commission,
- Ministry of Science and Technology,
- Ministry of Industry and Information Technology,
- Ministry of Environmental Protection,
- Ministry of Housing and Urban-Rural Development,
- Ministry of Commerce,
- State-owned Assets Supervision of the State Council and Administration Commission,
- Guangdong Provincial Government

Hosted by:

China Chamber of Commerce for Import and Export of Machinery and Electronic Products (CCCME)
China Foreign Trade Centre (CFTC)

Venue: China Import and Export Fair Complex in Guangzhou, China

Date: Nov. 9-11, 2011.

Total Acreage: 50000 m²

Setting of Exhibits

- **Low-carbon Industries & Energy:** high and new technologies and products in industries; innovative technologies for equipment of energy conservation in key sectors including petrochemical sector and metallurgical sector; mud and water treatment; and wind energy, power energy, nuclear energy, etc.
- **Green Agriculture & Energy Conservation:** energy products for rural area, solar buildings, solar water heaters, small PV power generation systems, small wind power generation sets, etc.
- **Green Buildings and Energy Conservation in Buildings:** low-carbon buildings, green buildings, energy conservation technologies for heating, ventilation and refrigeration, green building technologies and products, etc.
- **Green and Low-carbon Transportation:** new energy automotive, communication of transportation information, construction and management of intelligent transportation system, etc.
- **Low-carbon Life Style:** knowledge on low-carbon home life and applications of PV products and technologies, lighting devices in such homes and public utilities as offices etc.
- **Services Companies & Institutions for Green Industries:** dynamics of investment & financing functions of green finance, carbon trading, emission right trading, global environment funds and clean development mechanism and related projects in addition to companies and institutions engaged in Energy Performance Contracting services, particularly their products, modes of offering services and successful cases.
- **Governments:** the achievements of China in energy conservation and emission reduction in the 11th Five-Year Plan Period; the specific plans and main goals and key projects outlined by China on energy conservation and emission reduction in the 12th Five-Year Plan;
- **Eco Zones:** development plans, supporting policies, key projects and investment-attracting projects in green industries in pilot provinces/cities for low-carbon development, national development zones and

● Highlights of CIGIPTS 2011

- **Strong supports from seven ministries and Guangdong Provincial Government:**

Mr. Chen Deming, MOFCOM Minister as Honorary President of the Organizing Committee

Mr. Xie Zhenhua, NDRC Vice Minister as President of the Advisory Committee

Mr. Qiu Baoxing, MOHURD Vice Minister as Vice President of the Advisory Committee

Mr. Wu Xiaoping, MEP Vice Minister as Vice President of the Advisory Committee

Mme. Ma Xiuhong, President of China Foreign Trade Center and President of the Organizing Committee

(The list is to be enlarged upon confirmation)

The show will enable the companies both from China and abroad to gain access to the most authoritative, the most professional and the latest information on the policy incentives and the dynamics of green industries. Specific interpretation for China's 12th Five-Year Plan on strategic industries will be made.

- **Fast Access to the Huge Chinese Green Market:** According to International Energy Agency, the investments in energy conservation industry only will be USD 7600 billion in the coming 20 years around the world and that of China will take up 40% of the total investments. In the 12th Five-Year Plan Period, China will invest RMB 3.4 trillion in energy conservation and environmental protection industry, increasing by 15% annually. The huge Chinese market will offer vast business opportunities for international branded companies. CIGIPTS 2011 will provide foreign-funded companies with exhibition space of nearly 15000 m² to display their sophisticated conceptions, products and technologies of energy conservation and environmental protection. In the meantime, the show will also invite tens of thousands of professional visitors, including government officials at all levels, scholars and entrepreneurs to make business matchmaking events possible.

- **Excellent Networking Opportunities with Decision-Makers from Chinese Ministries and Local Governments:** CIGIPTS 2011 will invite minister-level leaders of the supporting ministries and Guangdong Provincial Government and local government leaders to visit the show and address the seminars and symposiums. Networking opportunities between foreign companies and Chinese decision-makers will be created on the platform.

- **Matching Events and Seminars for Sharing Views on the Latest Development of Green Industries:** CIGIPTS 2011 will be built to be four platforms, namely a trading platform for green low-carbon technologies and products, a networking platform for investment and financing of projects in green industries, a platform for exchanging views on concepts of green low-carbon development and a platform for discussing green industry policies and climate change. The main forum entitled Green Innovation and Low-carbon Development will be held along with dozens of seminars, press conferences and networking meetings to offer diversified opportunities.

- **Outstanding Features of Exhibition Hall Settings:** CIGIPTS 2011 will set up a special Eco Zone Hall to display the characteristics of development zones and eco cities and some projects under planning.

If you need the Invitation for Visa, please log onto our website.

☐ Yes, I need.

☐ No, I don't need.

◆ Our company would like to apply for the booth in the following hall:

☐ **1. Hall for Low-carbon Industries & Energy:** high and new technologies and products in industries; innovative technologies for equipment of energy conservation in key sectors including petrochemical sector and metallurgical sector; mud and water treatment; and wind energy, power energy, nuclear energy, etc.

☐ **2. Hall for Green Agriculture & Energy Conservation:** energy products for rural area, solar buildings, solar water heaters, small PV power generation systems, small wind power generation sets, etc.

☐ **3. Hall for Green Buildings and Energy Conservation in Buildings:** low-carbon buildings, green buildings, energy conservation technologies for heating, ventilation and refrigeration, green building technologies and products, etc.

☐ **4. Hall for Green and Low-carbon Transportation:** new energy automotive, communication of transportation information, construction and management of intelligent transportation system, etc.

☐ **5. Hall for Low-carbon Families Technologies and Public Institutions:** This hall is set to promote knowledge on low-carbon family life, advocate the minds of low-carbon life and showcase the applications of PV products and technologies, lighting devices in such public utilities as offices etc.

☐ **6. Hall for Services Companies & Institutions for Green Industries:** This hall is set to publicize the dynamics of investment & financing functions of green finance, carbon trading, emission right trading, global environment funds and clean development mechanism and related projects in addition to companies and institutions engaged in Energy Management Contracting services, particularly their products, modes of offering services and successful cases.

☐ **7. Eco Zone Hall:** international famous eco cities/regions.

(Please log onto the official website of CIGIPTS 2011 to fill in the descriptions of products and technologies to exhibit in the show and the illustrations on their characteristics and sophistications.)

◆ Exhibit Option

☐ Raw Exhibiting Space (900 RMB for each m², least 36 m²): acreage of ____ m²

☐ Complete Shell Scheme Stand (9500 RMB for one Standard booth of 9 m²): ____ booth(s)

◆ Remittance Information:

Beneficiary: China Chamber of Commerce for Import and Export of Machinery and Electronic Products

Beneficiary bank: Bank of Communications Beijing Branch

Beneficiary A/C: 110060194385300003995(USD) 110060194145300003806(Euro) Swift code: COMMCNHSBJG

◆ Please send the completed application form with official signature and chop to

Fax No.: 8610-58280962

Note: 1. Please log onto the official website (www.cigipits.cn) to sign up and fill out the Application Form. By putting in User's Name on the website, the exhibitors may obtain other key information of the show.

2. Please transmit the booth fees to the designated account and log onto the official website to confirm the booth location within 5 days upon submission of application form. Otherwise the Organizing Committee shall reserve the right to adjust the booth.

3. No application will be accepted after the deadline date as of August 30th, 2011.
